MEMORANDUM FOR: [REDACTED] DDP/SB

27 July 1972

25X1A

SUBJECT: Agency Support to Attache Training Program at Defense Intelligence School

The attached "Memorandum for the Record" was prepared in response to your recent request for information about the Attache Training Program conducted at the Defense Intelligence School, Anacostia.

In refining the draft memo I gave you last week, I chose to include some additional background data that might be of interest to you and your associates. Accordingly, the memo discusses briefly (1) the overall responsibilities for training and developing the Attaches, (2) the DIS role in the first phases of training, (3) our Agency inputs to the curriculum, and (4) my personal comments as special faculty advisor from our organization. I should point out that in representing the Director of Training, I have very little direct contact with the Attache Affairs Directorate of DIA; my interests are focused almost entirely upon the 13-week program at the DIS.

Regarding the special Agency programs for the Attaches following the graduation from DIS, I have heard nothing but praise for the experimental effort of last April. Those who monitored it from the DIS faculty placed high value on what took place.

Incidentally, General Walters, DDCI, is to present the Graduation address to this current class on 11 August 1972.

If you wish any further clarification or other questions answered, please feel free to call me.
